

How to Use MixPad

08-04-2020

I. Overview

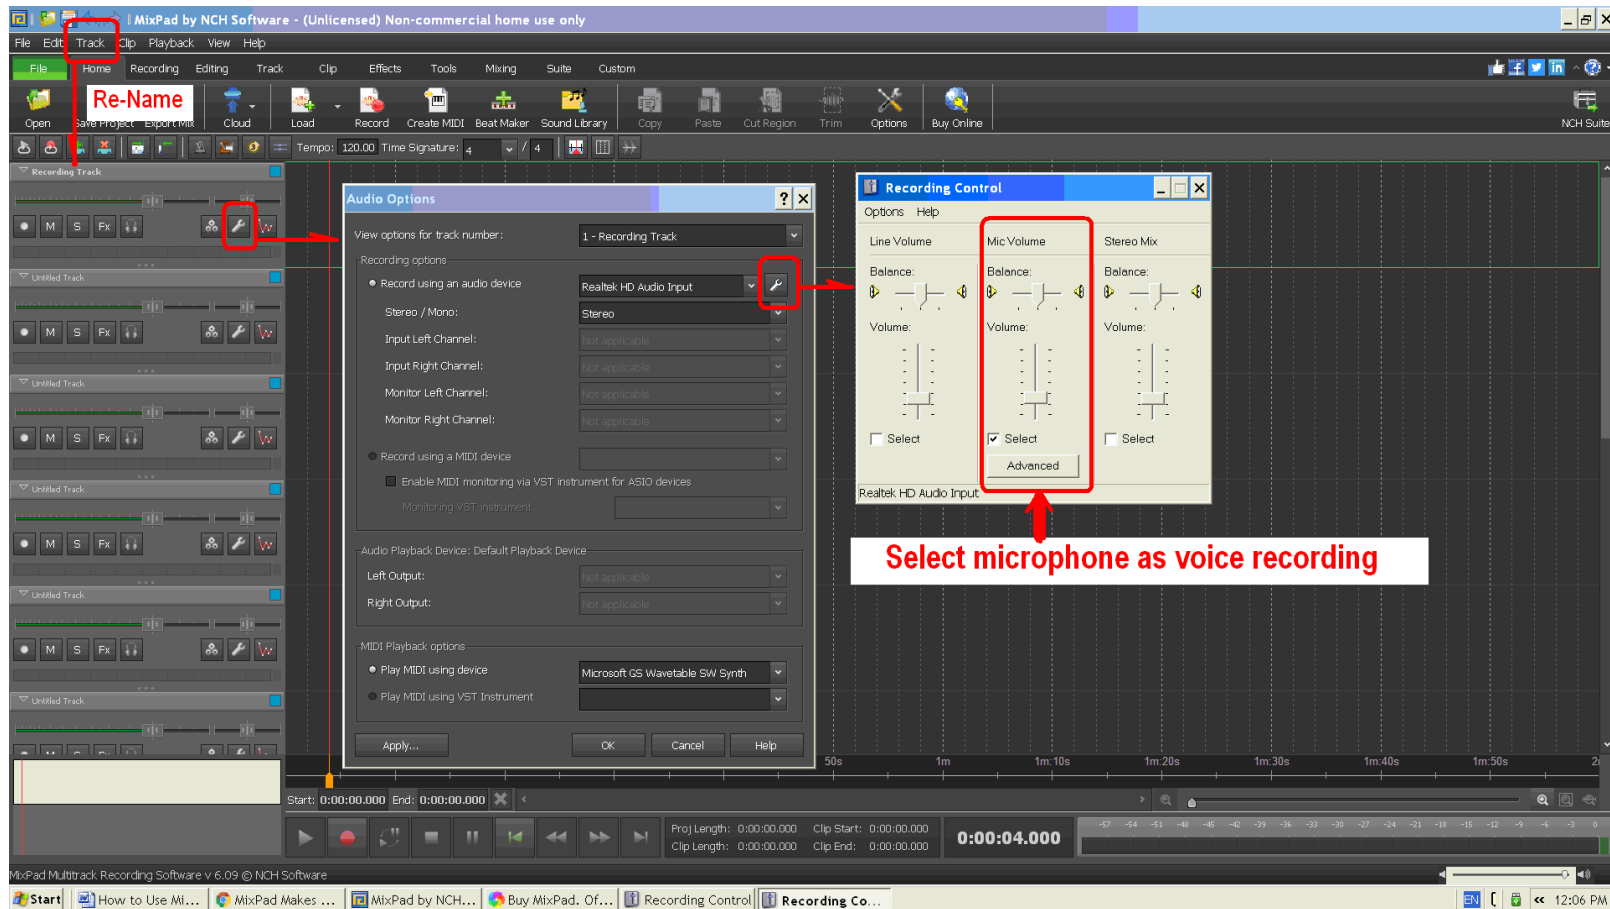

With MixPad **multi-track recording and mixing software**, you can access all the power of professional recording and mixing equipment through a single platform that streamlines the process and makes mixing a breeze.

Download and install this free software here:

<https://www.nch.com.au/mixpad/index.html>

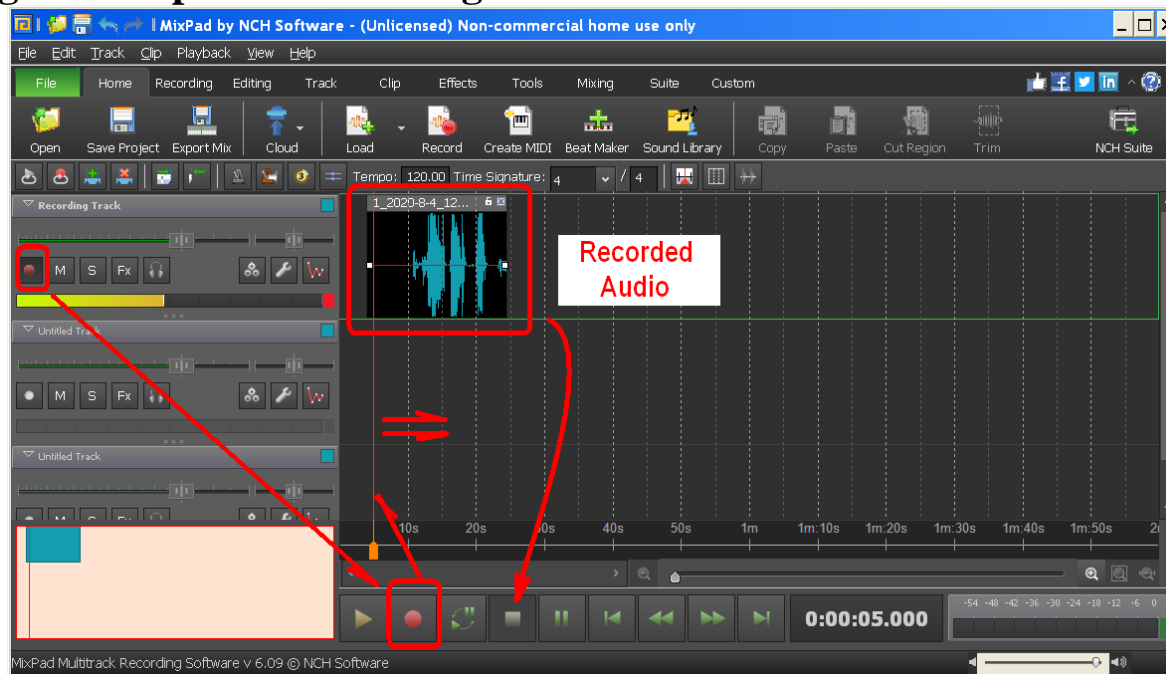

II. Set Recording Device

Select microphone as voice recording device.

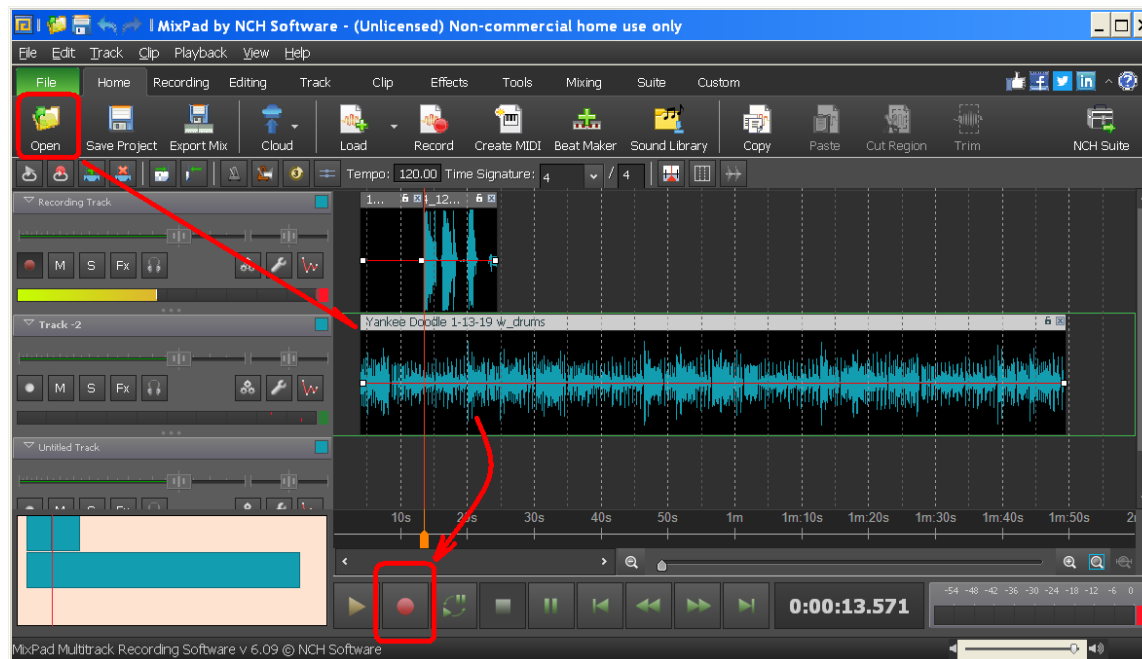

III. Use an Audio Track

1. Single Microphone Recording

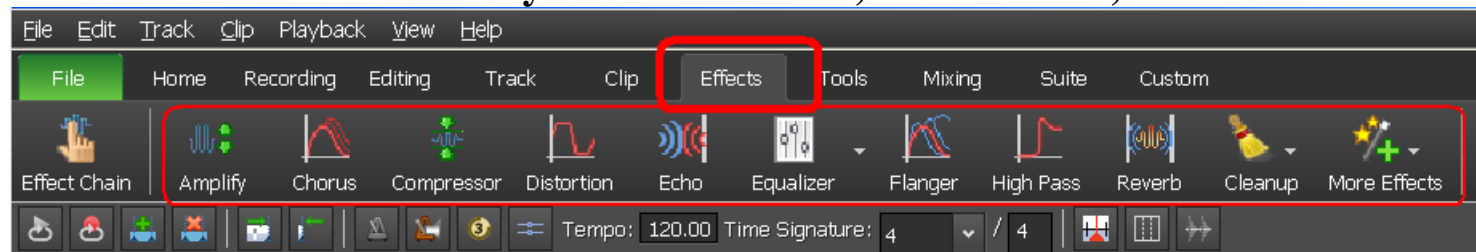

2. Multi-Track Recording

- 2.1 Select Track 2 → Open File
- 2.2 Select a music file and load it into Track 2
- 2.3 Play or Recording

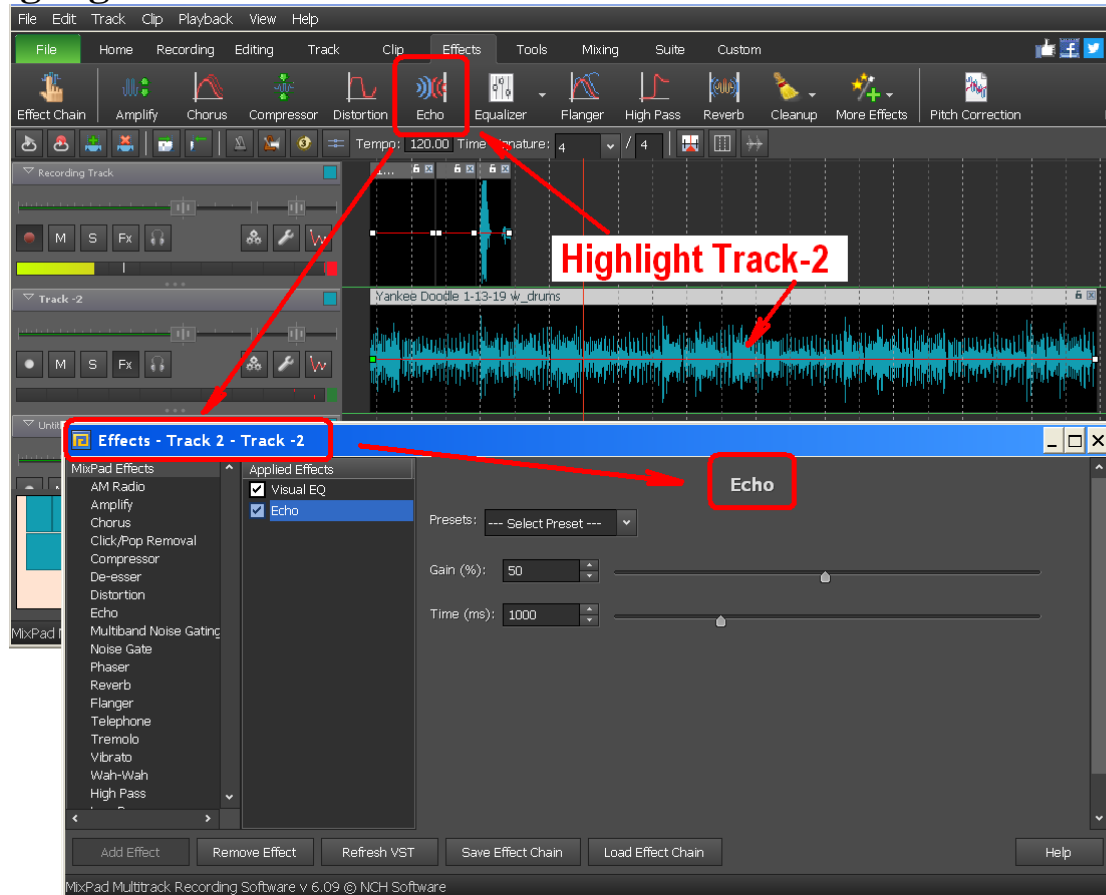

IV. Add Effect to a specific Track

1. Click on Effects tab. See many function buttons, such as Echo, Distortion and etc.

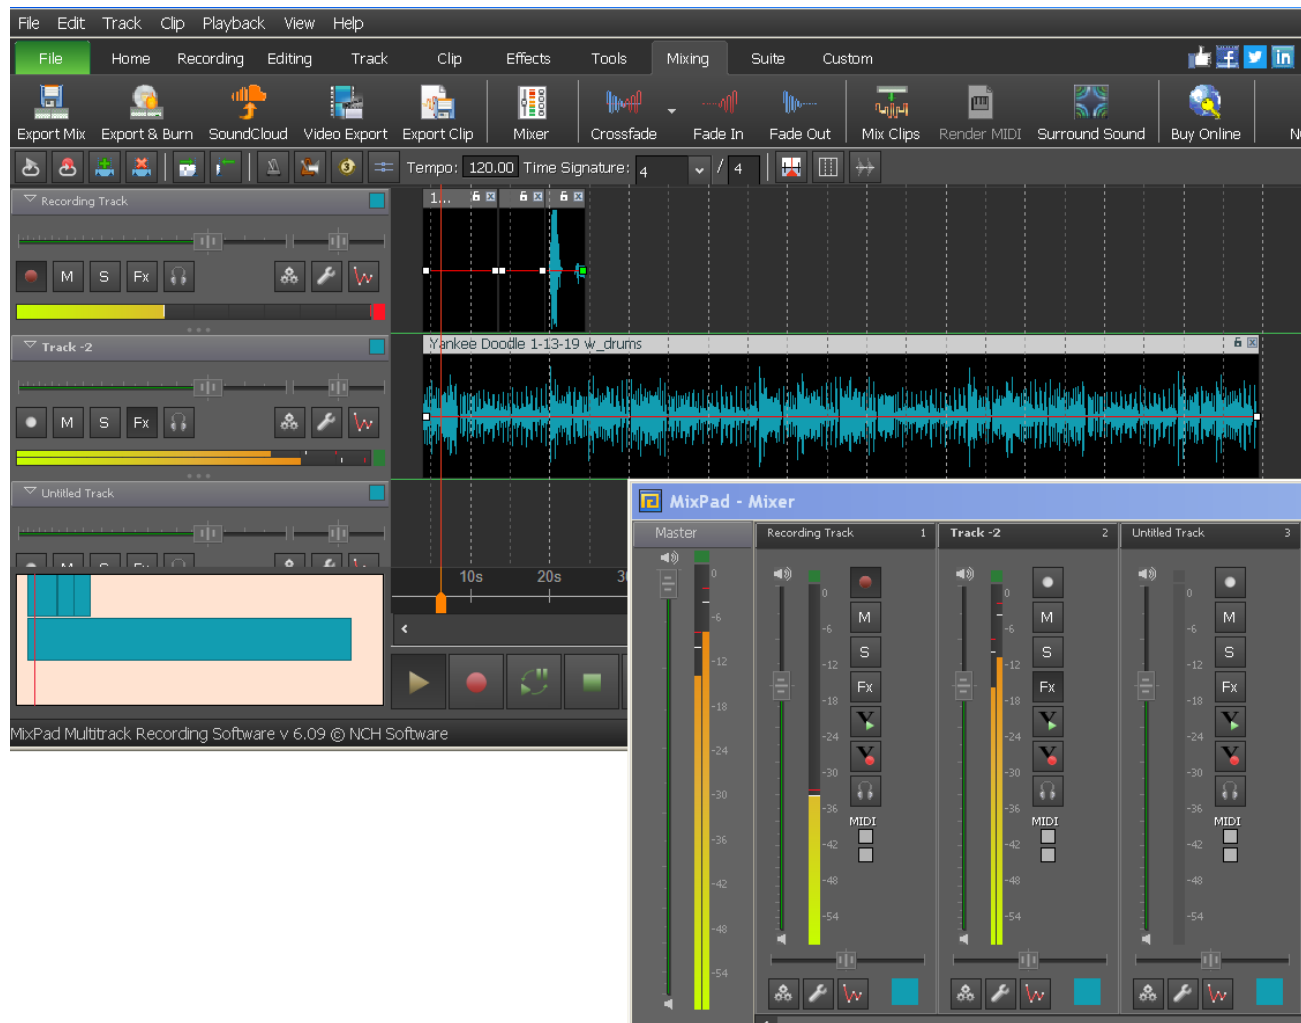

2. Highlight a Track

3. Select any Effect Function

V. Show MixPad as Physical Mixer

VI. Download Favorite Music from Music Library
